Oak program:	None
New oak %:	NA
Aging process:	NA
Secondary fermentation:	NA
Bottling date:	1/11/2021
Case production:	214

Description

Robust, rich, and ripe strawberry aromas emanate from this wine, with just a waft of beef jerky peeking through from the robust Petite Sirah grapes. Almost resembling a fruit cocktail in a glass, this Rosé of Petite Sirah is a concentrated yet balanced combination of sweetness and bright acidity, making this wine very approachable. The long finish of this wine allows for the flavors and textures to linger on the tongue, letting you enjoy this beautiful Rosé for a pleasurable while after drinking.

Appellation

Fountaingrove District of Sonoma County

Unique qualities of vineyard/location

The Wedge Family is in Fountaingrove, which is a really hot area in Sonoma County. This vineyard is on two different benches, the lower bench of the vineyard tends to grow a lot heavier of a crop. The upper bench is a lot lighter of a crop, which is tougher to use for the rose program because the little clusters don’t give as much juice.

Farming technique & maintenance

Vertical Shoot Positon (VSP) & Cordon and spur trained.

Fermentation details

All Stainless Steel Fermentation
